

Micah Barnes

After focusing on the musical legacy of The Big Apple on his album *New York Stories* (eOne) and the legendary showrooms of *Sin City* on his latest release *Vegas Breeze*, acclaimed vocalist Micah Barnes has turned this focus to the classic pop tunes of the 50's & 60's hit parade, with a special focus on the biggest hits from The Nylons catalogue.

Putting his own musical stamp on songs made famous by such notable acts as The Righteous Brothers, Smokey Robinson, Dionne Warwick, Dion & The Belmonts and The Supremes, Micah has lovingly called these pop classics the "Second Great American Songbook."

Coming in 2022, the new album will be produced by Peter Cardinali (Boomers) and arranged by Don Breithaupt (Monkey House), in collaboration with Micah with his long-time band, Michael Shand (keys) Russ Boswell (bass) and Ahmed Mitchell (drums).

Micah's looking forward to bringing this music to both his own dedicated audience and all of The Nylons fans across Canada and around the world!
